5 Year Limited Warranty

Vendor warrants to the original consumer purchaser that cabinetry, door hinges, and drawer glides will be free from defects in material and workmanship under normal use and service for a period of Five (5) years from purchase date (Proof of Purchase is required). This warranty is not transferable and only applicable to product used for residential purposes. Representatives of this cabinet line do not have the authority to change or enlarge this warranty.

This warranty does not cover normal wear and tear, damage or defects caused by accidents, misuse, abuse, or lack of necessary maintenance; nor does it cover alteration, modification, improper installation, improper handling / storage, environmental conditions, nor any labor expenses.

Vendor, at our option, may elect to repair or replace with a functionally equivalent product any product covered by this warranty. Some replacement parts are subject to availability and may differ from original parts received. Return of defective product may be required for a replacement to be issued. Repair parts or replacement parts are at the expense of the vendor, but customer shall bear all other expenses. These expenses may include, but are not limited to, cost of removal and re-installation of product, labor expenses, etc.

Just as no two trees are alike, no two pieces of wood are alike. The variation in color and grain pattern in wood adds to its natural beauty and is not considered an imperfection. Environmental factors, including but not limited to artificial / natural light, moisture, cleaners, smoke, etc, may cause the darkening or mellowing of a cabinet over time. This is a natural process and can be expected. This warranty does not cover the natural aging or darkening / mellowing of wood color, the inherent growth characteristics of, or variation in wood.

Some of the cabinet lines feature a glazed finish that accentuates the door and drawer front profiles. This glaze is hand-applied over a stain or paint and may, due to the nature of application, consist of random drips, runs, etc. As glazing is a hand-applied process there will be variations in color and appearance from door to door and cabinet to cabinet. This is not considered a defect and is considered normal with hand applied finishes.

It is the nature of wood to expand and contract to varying degrees depending on climate conditions. As a result, cabinet lines with painted surfaces may show fractures in the paint at joints. This is normal and is not considered a defect.

This warranty is valid only in the United States of America and is not transferable. All implied warranties are limited in duration to the shorter of the period provided by law or the period of this warranty. To the extent permitted by law, this warranty excludes special, incidental, or consequential damages. Some states do not allow the exclusion or limitations of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights; you may have other rights which vary from state to state.

To exercise this warranty, please contact the supplier from whom you purchased the product. Report, in writing, all defects claimed and include proof of purchase documentation.

Specifications are subject to change without notice.
Bridge Wall Cabinets

- 24” tall cabinets have one adjustable shelf.
- The remaining heights have no shelves.
- Butt doors on cabinets 24” through 36” wide.

**Picture to the right**
Two bridge cabinets are used, one above the sink and one above the stove. All cabinets are shown with crown molding and light rail accents.

**Picture to the left**
A bridge cabinet has been used above a lattice wine rack with a stem glass holder attached. All cabinets are shown with crown molding that have been painted black with optional rope molding inserted for added detail. The wall cabinets to the left and right of the wine rack are shown with light rail that has been painted black to match the crown.

Specifications are subject to change without notice.
Refrigerator Wall Cabinets

- 24” tall cabinets have one adjustable shelf.
- Remaining heights have no shelves.
- 33” wide cabinets are available only in 15” and 24” heights.
- Butt doors on all refrigerator wall cabinets.

Picture above
A refrigerator cabinet is shown with a refrigerator end panel. To complete the look, crown molding and light rail have been added.
Blind Corner Wall Cabinets

- WBC2730
- WBC2736
- WBC2742

Adjustable to 30” wide.

- 30” and 36” tall cabinets have two adjustable shelves.
- 42” tall cabinets have three adjustable shelves.
- 2.5” stile exposed when using 12” deep cabinet on adjacent wall. May be necessary to pull further to allow clearance for door hardware. May not be pulled further than 3”.
- 12” door overlays 11” frame opening.
- May be used as right (R) or left (L) blind corners.

Specifications are subject to change without notice.

Wall End Cabinets

- WCA1230
- WCA1236
- WCA1242

- 30” and 36” tall cabinets have two adjustable shelves.
- 42” tall cabinets have three adjustable shelves.

Specifications are subject to change without notice.
Wall Diagonal Corner Cabinets

- 30” and 36” tall cabinets have two adjustable shelves.
- 42” tall cabinets have three adjustable shelves.

Picture above
A wall diagonal corner cabinet has been bumped out and elevated to create this staggered appearance. A mullion door has been added along with crown molding with a painted rope insert. To finalize the look, lighting and glass shelves (not available through Supplier) have been added inside the cabinet.

Picture above
A wall diagonal corner cabinet that is one size up in height has been bumped out to create this look. Crown molding with the rope insert was added for the final touch.
Wall Spice Cabinets

- This cabinet does not come with any drawer slides.
- The interior is finished and the cabinet can be used without the drawers as a wine rack.
- The drawers cannot be turned. If drawers are used the cabinet must be installed horizontally for them to function properly.

Picture to the left
A wall spice cabinet is shown below a plate rack and a bridge cabinet. The bottom edge is finished with light rail molding.
Microwave Cabinets

- This cabinet is designed for “counter” style microwaves.
- There are no shelves in this cabinet.
- Opening width is 26-7/8”.
- Opening height is 18-1/2”.
- Shelf depth is 20”.
- Cabinet depth is 18”.
- Butt doors on all microwave cabinets.

- Doors have beveled glass fronts.
- These cabinets are shipped pre-assembled.
- Butt doors on all double door stacker cabinets.
- (BG) Beveled glass doors available in Heritage White, Mocha, Shaker Cherry, Glazed Cherry, York Coffee, Bristol Chocolate, and York Cherry.
- (PG) Plain glass doors standard on West Point Grey, Aspen White and White Shaker stacker cabinets.

Picture to the right
Stacker cabinets have been used above a 30” high wall cabinet layout. A WDC2442 with a mullion door is used in the corner. Crown molding is used on top to complete this look.
Single Door / Single Drawer Base Cabinets

- 1/2 depth adjustable shelf.
- 18” and 21” Shaker Cherry cabinets have the decorative center stile on the door.
- Standard 9” base not available in Heritage White. For a 9” Heritage White base, please see TB09 shown on page 43.

B09  B12  B15  B18  B21

Double Door / Single Drawer Base Cabinets

- 1/2 depth adjustable shelf.
- Butt doors on both 24” and 27” wide bases.

B24  B27
Double Door / Double Drawer Base Cabinets

- 1/2 depth adjustable shelf.
- 36” and wider Shaker Cherry cabinets do have the decorative center stile on the door.
- Butt doors on 30” thru 36” wide bases.
- 39” and wider base cabinets have a stile between doors.

Drawer Base Cabinet

- Heritage White, Shaker Cherry, Glazed Cherry, Mocha, York Coffee, Bristol Chocolate, York Cherry, White Shaker, West Point Grey, Aspen White, and Espresso Shaker have one standard drawer on top and two deep drawers below.
- Legacy Oak have one standard drawer on top, one mid size drawer in the center, and one deep drawer on the bottom.
Cabinet Specifications

Sink Base Cabinet

• There are no shelves in this cabinet.
• There are no drawers in this cabinet.
• Butt doors on this 36” wide cabinet.
• 36” wide Shaker Cherry style cabinets do have the decorative center stile on the door.
• Any base may be used as a sink base by simply not installing the drawer hardware and attaching only the drawer faces to the cabinet as false fronts.

Specifications are subject to change without notice.

Picture above
36” Sink Base shown between a drawer base and a standard base.
**45° Diagonal Corner Sink Base Cabinet**

- There are no shelves in this cabinet.
- There are no drawers in this cabinet.

**Blind Base Corner Cabinet**

- Adjustable to 45” wide.
- Full overlay cabinets must be pulled a minimum of 4” and remaining styles must be pulled a minimum of 3”. May be necessary to pull further to allow clearance for door and drawer hardware. May not be pulled farther than 9”.
- 12 7/8” door overlays 11 7/8” frame opening.
- May be used as a right (R) or left (L) blind setup.
A lazy susan is pictured with the door open revealing the stainless steel baskets.

LS3612

- Stainless steel baskets are standard.
- There are two baskets per cabinet.
- Both baskets are height adjustable.
- Lazy susan doors may be mounted to open right or left.

A lazy susan is pictured with the door closed.
Corner Drawer Base

CDB36

- This cabinet has three fully functioning, full extension drawers.
- Heritage White, Shaker Cherry, Glazed Cherry, Mocha, York Coffee, Bristol Chocolate, York Cherry, White Shaker, West Point Grey, Aspen White, and Espresso Shaker have one standard drawer on top and two deep drawers below.
- Legacy Oak has one standard drawer on top, one mid size drawer in the center, and one deep drawer on the bottom.

Specifications are subject to change without notice.
Base End Angle Cabinet

Three BA24s are used to create the end of an island. Two of the doors have been replaced with 18” x 30” mullion doors and have lights (lights are not available through Supplier) installed to create this decorative look.

A BA24 is used on both sides of a base cabinet to create this island.

• One adjustable shelf.

Specifications are subject to change without notice.
Tray Base / Cookie Sheet Cabinet

- There are no shelves in this cabinet.
- Legacy Oak Tray Bases do not have cathedral style doors.

Base Spice Drawer

- This cabinet does not come with any drawer slides.
- The interior is finished and the cabinet can be used without the drawers as a wine rack.

Specifications are subject to change without notice.
18” Wide Utility Cabinets

Picture above
On each side of the refrigerator an 18” utility cabinet is used, with a refrigerator wall cabinet in the middle. The cabinets are topped off with crown molding with the rope insert that has been painted black.

- Four adjustable shelves can be used in either the top or bottom section.
- Bottom section measures 54” tall including toe kick.
- These cabinets are 24” deep.
- 18” wide Shaker Cherry cabinets have the decorative center stile on the door.
- Top door may be replaced with corresponding 18” x 30”, 36”, or 42” high mullion doors (MD).

Specifications are subject to change without notice.
24” Wide Utility Cabinets

- Four adjustable shelves can be used in either the top or bottom section.
- Bottom section measures 54” tall including toe kick.
- These cabinets are 24” deep.
- Butt doors on all 24” wide utility cabinets.
- Corresponding 24” mullion doors may be added as a decorative option.

Picture to the right
The 24” wide utility cabinet pictured is accented with three decorative panels on the side and crown molding with the decorative rope insert on the top.
Cabinet Specifications

Universal Oven Cabinets

• The cut out opening measures 28.5” x 22”.
• Will fit any standard size oven.
• These cabinets are 24” deep.
• Can be arranged as a single oven, double oven, or oven/microwave combination by removing the necessary drawers and cutting to fit.
• Butt doors on all universal oven cabinets.
• The top two drawers are standard drawers while the bottom is a deeper drawer.

Picture above

This universal oven cabinet has had the top two drawers removed and has been trimmed to fit the oven and microwave. It is pictured with crown molding and a rope insert which has been painted black.

Specifications are subject to change without notice.
Lattice Wine Rack

Picture to the left
A lattice wine rack has been installed below a bridge cabinet. Below the lattice wine rack a stem glass holder has been installed.

- Holds 11 bottles.
- Can be installed horizontally or vertically.
- Will hold 3-3/4” diameter bottles.

Stem Glass Holder

- Solid wood.
- Mounts to bottom of wall cabinet.
- Can be cut to fit smaller cabinets.
- Fitted to mount under any 30” wide standard, stacker, or bridge wall cabinet.
- Holds 6 rows of glasses (18 standard size wine glasses)
Corbels

CBLPN2

- Available in Heritage White, Shaker Cherry, Glazed Cherry, Mocha, York Coffee, Bristol Chocolate, York Cherry, White Shaker, West Point Grey, and Aspen White.

CBLPN3

- Available in Heritage White, Shaker Cherry, Glazed Cherry, Mocha, York Coffee, Bristol Chocolate, York Cherry, White Shaker, West Point Grey, and Aspen White.

Width: 4-3/4”
Depth: 5”
Height: 9-1/2”

Width: 6-1/4”
Depth: 6-1/2”
Height: 13-1/4”
Plate Rack

- Will hold 10 plates.
- Plate rack may also be used with wall cabinets.
- This is displayed in the Heritage White kitchen display on page 9, and the Shaker Cherry full kitchen display on page 13.
Roll Out Trays

Roll out trays have been used in this pantry allowing for easy access to items in the back of the cabinet. Roll out trays may also be used in base and refrigerator wall cabinets.

- Order according to the width of the cabinet.
- EX: ROT21 fits B21 cabinet.
- Drawer glide hardware and wood finish for ROT are the same as the standard drawers in their corresponding cabinet line.

Appliance Garage

- Designed for installation on countertop.
- Fits directly below a wall diagonal corner cabinet.
**Arched Valance**

- Can be trimmed down to required size.

**Picture to the right**

This white valance has been trimmed down in size to fit beneath a bridge cabinet. An image of a valance used by itself between two cabinets is shown in the full Legacy Oak kitchen display shown on page 19.

**Under Counter / Knee Drawers**

- Drawer unit designed to be installed under counter to create a desk area.
- May be trimmed 2-1/2” safely on each side to fit as needed.
Mullion Doors

• Match the profile of the selected door style.
• The information following MD in the sku indicate the size / type of cabinet the door will fit.
• West Point Grey and Aspen White (PG) plain glass door replacements available only on WDC cabinets
• EX: MD2442 fits a W2442.
• EX: MDWDC36 fits a WDC2436.
• 30” and 36” high cabinets will have 6 panes while 42” high cabinets will have 8.

The above sizes are sold in sets.

**Picture above**

Mullion doors have been used on this wall cabinet. Lights and glass shelves (not available through Supplier) have been used within the cabinet giving it this illuminated appearance. The light rail and crown molding complete the look.
Range Hood Fronts

Picture above
A range hood front has been used between two wall cabinets. Above the range hood front a wall cabinet has been laid horizontally to give it this elevated appearance.

- Heritage White, Mocha, Glazed Cherry, Shaker and Cherry, have all size range hood fronts available.
- Bristol Chocolate, York Coffee, York Cherry, White Shaker, West Pointe Grey, and Aspen White have RHF30 and RHF36 available.
- Must be installed between two cabinets for support.
- Before installation of the RHF occurs, the blower should be installed and the depth adjusted using fillers and/or panels to fit the blower.
Wall Fillers

- 3/4” thick.
- Can be trimmed to desired height / width.

Base Fillers

- 3/4” thick.
- Can be trimmed to desired height / width.
Refrigerator End Panel

- 1/2" thick panel with a 1 1/2" wide filler on the front.
- Can be trimmed to desired height.
- May be used either left or right.

Base End Panel

- 1/2" thick panel with a 3" wide base filler on the front.
- May be used either left or right.

Wall End Panel

- 1/2" thick panel with a 3" wide wall filler on the front.
- Can be trimmed to desired height.
- May be used either left or right.

Specifications are subject to change without notice.
Decorative Panels

- Each panel matches the style and color of the specific cabinet line.
- The last two digits in the item number indicate the height of wall cabinet these panels will fit. Ex: DP1236 will fit the side of a standard 36” wall cabinet.

**Picture on the Right**
A Glazed Cherry decorative panel is shown on the side of a Glazed Cherry wall cabinet.

**Picture on the Right**
A Glazed Cherry decorative panel is shown on the side of a Glazed Cherry base cabinet.

- These panels resemble the base cabinet door. They are all square in design.
- These panels are designed to fit on the side of any standard base cabinet.

**Picture on the Right**
A Glazed Cherry decorative panel is shown on the side of a Glazed Cherry base cabinet.
Crown Molding

- Sold in 8ft long sections.
- Flat section to accommodate Rope insert.
- When applying crown to full overlay cabinets a crown backer will be required.

Picture above
Crown molding has been used along the tops of these wall cabinets and the valance.
Cabinet Specifications
Panels, Fillers & Trim
Specifications are subject to change without notice.

Rope Insert

- Sold in 8 ft long sections.
- 9/16th of an inch wide.
- 1/4 inch thick.
- Crown molding insert.

Picture above
The rope insert has been added to accent the crown molding on these Glazed Cherry cabinets.

Scribe Molding

- Sold in 8 ft long sections.
- Use behind Light Rail Molding when wrapping around the side of a wall cabinet. (See photo for example on the next page)
Outside Corner Molding

- OCS8
  - Sold in 8 ft long sections.

Batten Molding

- BM8
  - Sold in 8 ft long sections.

Light Rail Molding

- LRM8
  - Sold in 8 ft long sections.

Light rail has been used on the bottoms of these cabinets. The addition of this rail helps to conceal the lights that have been placed on the bottoms of these cabinets.
Stained Plywood

• 1/4 inch thick.

Wall Skin

WS1542
• 1/4” thick.
• Can be cut to fit.

Picture on the Right
A wall skin has been used on each side of this wall diagonal corner cabinet. It conceals the gap between the wall and the cabinet that is created when bumping a cabinet out to create this staggered / raised appearance.

- Can be trimmed to desired height.
- 3” wide fillers have 3 flutes.
- 6” wide fillers have 5 flutes.
- Flutes begin 1.5” from the top and end 1.5” from the bottom.
- The toe kick area is not fluted.
- Available in Heritage White, Glazed Cherry, Shaker Cherry, Mocha, Bristol Chocolate, York Coffee, York Cherry, White Shaker, West Point Gray and Aspen White.
Vanity Sink Base

- There are no shelves or drawers in these cabinets.
- Butt doors on all three vanity sink bases.
- 36" wide Shaker Cherry style cabinets do have the decorative center stile on the door.
- Depth: 21".
Vanity Drawer Base

VDB1221

- Depth: 21”.
- All styles have one standard drawer on top and two deep drawers below.
- All three drawers are fully functioning.
Vanity Combinations

- Depth: 21”.
- There are no shelves in these cabinets.
- Only the bottom two drawers are functioning.
- All styles have one standard false drawer front on top and two deep drawers below.
- 36” wide Shaker Cherry cabinets do have the decorative center stile.
- When indicating right (R) or left (L), it corresponds to the side the drawers are on while looking at it.
Vanity Combinations Continued

- Depth: 21”.
- There are no shelves in these cabinets.
- All six drawers are fully functioning.
- All styles have two standard drawers on top and four deep drawers below.
- Butt doors on both vanity combinations.

Please note the vanity sink bases and the vanity drawer bases may be used in any combination to create the desired set up. Ex: V2421, VDB1221, V2421 can be used to create a double bowl vanity with drawers in the center.

Also note that when looking inside the vanities, there is not a divider between the drawers and the sink base area. This is open so that the drawers are visible. If you would like these areas to be separated, then a configuration of vanities without drawers and vanity drawer bases should be used.
